

I'm writing on behalf of K-LOVE radio which I listen to on 96.9 & 102.3 in the Dayton OH area. I understand the LPFM issue may affect my ability to continue receiving programming from K-LOVE. As a monthly sponsor of K-LOVE I respectfully request that the FCC not take any actions that would disrupt my service. K-LOVE provides a unique service to the local and national community. The family-oriented positive programming is provides a wonderful alternative to commercial filled and often offensive radio programs. I've faithfully listened to K-LOVE stations in California and Florida, and greatly enjoy receiving the same programming throughout the country. Without K-LOVE, I wouldn't recieve the contemporay Christian music that enjoy and financially support.
